note: right handed items are available "off the shelf". There is no price premium for left handed versions, but the manufacture/delivery varies between 4 weeks for the stock up to 3 months for a "selected barrel".

Optional Extras

Gunguard XLT double scoped rifle case (48"x14"x4")	P.O.A.
Foresight extension tube These are made to suit individual barrels. Maximum recommended length is 12".	P.O.A.
Telescopic sights mounting Allows the scope to be mounted forward of the breech, to ensure suitable eye relief.	P.O.A.
Forward cranked bolt handle This modifies the customer's bolt, to make it easier to use.	£75.00
Ammunition Testing at Eley A special clamp is at the test range, with flying lead to operate the trigger. With prior agreement the selected ammunition may be taken away.	P.O.A.

To Fit Traditional Rifles

Combined Handstop & Handrest	£206.00
Buttplate	£202.00

"One off items"

These can be manufactured as required, but will incur a price premium, e.g. stock to fit full-bore rifles.

Every effort is made to keep prices as low as possible, however if suppliers increase their prices then this will have to be reflected in the above prices.
